

Ice Skating Australia

Communication No: 29

ISU Communication 1672

“ISU has issued Communication number 1672, Single and Pair Skating, Amendments to Scale of Values, Guidelines for Marking Grade of Execution and Levels of Difficulty, season 2011- 2012.

The intent of this communication shall not be implemented at Hollins Trophy 2011.

The intent of Communication 1672, will be implemented effective 1st July 2011 for all competitions in Australia scheduled to commence on or after the 1st July 2011.

ISA will arrange a number of Communication 1672 information sessions at Hollins Trophy which will be advised during the event.

Whilst the 2011- 2012 ISU Junior Elements are the current competition requirements, Members are reminded that the verification for these elements and for ISU Communication 1672 for all segments will not be correct in the IJS until the August 2011 ISU update to ISUCalcFS. As always, the Technical Panel must ensure that the correct elements are entered and verified for all segments of an event.”
