### Changes to ISU Minimum TES for 2018/ 2019 season

---

Following the recent ISU decisions published in communication 2205, ISA will amend the following policies to reflect these changes.

#### ISA 03 – Championship Selection Policy

##### ISU Communication 2205:

The ISU Council considered proposed new Minimum Total Element Scores necessary for participation in the 2019 ISU Figure Skating Championships and earned at competitions in season 2017/18 and in season 2018/19.

In order to keep the number of entries manageable at the various Championships and to balance the difference in the Rules from the 2017/18 and 2018/19 seasons, the required minimum scores to enter the 2019 Championships have been adjusted separately for scores reached in the 2017/18 and the 2018/19 season.

The ISU Council therefore determined that Skaters/couples participating in the ISU Championships 2019 must have reached the following Minimum Total Elements Scores:

The required Minimum Technical Elements Score for the Short Program/Short (Rhythm) Dance and the Free Skating/Free Dance to participate in Senior ISU Championships (ISU European Figure Skating Championships, ISU Four Continents Figure Skating Championships and ISU World Figure Skating Championships) can only be obtained in Senior International Competitions. Likewise, the required Minimum Technical Elements Score for the Short Program/Short (Rhythm) Dance and the Free Skating/Free Dance segment to participate in the ISU World Junior Figure Skating Championships can only be obtained in International Junior Competitions.

The Minimum Technical Elements Score (not including Component Scores) is a Technical Score and must have been reached in an ISU recognized International Competition (as per Article 39, paragraph 7 of the ISU Constitution and Rule 107, paragraphs 1 to 10 of the ISU General Regulations) during the ongoing or immediately preceding season in both segments, Short Program/Short (Rhythm) Dance and Free Skating/Free Dance (See ISU Special Regulations Single & Pair Skating Ice Dance, Rule 378, paragraph 3).

While the Minimum Technical Elements Score must be reached separately in each segment (not a total of the two segments), the Minimum Technical Elements Score for each segment may be reached at different competitions.

The Minimum Technical Elements Score must be reached 21 (twenty-one) days before the first day (first official practice day) of the Championships concerned (same as entry deadline).

If it would become evident that the number of entries based on the Minimum Technical Elements Scores listed above would be significantly higher or lower than expected, the ISU Council reserves the right to adjust the Minimum Technical Elements Scores in order to achieve the above-mentioned objective.

ISU Members would be informed latest 45 days prior to the entry deadline of the respective Championships if the announced required minimum Technical Score would be adjusted or remain as announced. In case of the continental Championships the announcement for both European and Four Continents Championships would be made 45 days prior to the entry deadline of the earlier Championships in this case the European Championships.
