## COACHES SUPPORTING COACHES

### Accreditation re-registration and update form

#### Why am I being asked to provide all of this information?

APSA maintains the National Accreditation Data Base. We have over the past few months found errors and inconsistencies in the information. This includes coaches current Accreditation levels, Working with children check details, approved assessors etc.

The information will enable us to complete the new accreditation cards and send your link out to you as soon as possible.

To ensure the coaches accreditation details are current and correct we are requesting that you complete this form. This is in your best interest. Once our records are up to date we should not require such a detailed process in the future.

We understand it is quite a process and ask for your understanding. If you have any questions please do not hesitate to contact me at [president@apsa.net.au](mailto:president@apsa.net.au)

### Coaches working together.

We hope you are all staying strong and healthy during these difficult times.

#### First Aid requirements:

We wish to advise that given the current circumstances QPSA, SAPSA and VPSA have approved the on line First Aid course for you to meet your first aid requirements for membership for the 20/21 membership year. Please note you will need to meet the First Aid requirements as set by your State PSA for the 21/22 membership year. The course details can be found at [tcptraining.com/online-courses/first-aid-course](http://tcptraining.com/online-courses/first-aid-course)

If you are on Facebook a direct link is available on the APSA facebook page.

Other State PSA's will be advising if they will be accepting the on-line course shortly. Please understand these are decisions made by Committees and meetings need to be held in line with Constitution requirements.

**APSA Facebook page:** If you are not on Facebook please consider joining up. You do not need to register your Facebook name as your real name. We understand not everyone wants to do this but for those who can the Facebook page is proving to be a successful means of providing coaches with information very quickly. The information will continue to be distributed via newsletters as well but it will take a little longer. The Facebook group has grown from 87 member at the beginning of the year to now having 208 members. If your Facebook profile is not under coaching name please private message me to let me know as all members must be approved. This is a private group for COACHES ONLY.

**WWC:** NSW and QLD Working with Children agencies have extended working with children checks that are due to expire by 6 months. Please check if your State's are doing the same. If not you must renew your checks as required to ensure roll over of your PSA memberships.
