1 Purpose of the Communication

Covid 19 has caused the closure of ice rinks and interrupted the 2020 skating season. This has impacted on our athlete's ability to train and prepare for competition. With the gradual reopening of ice rinks and the management of government rules on sanitising, restricted numbers and social distancing, it is possible that the Australian Figure Skating Championships (AFSC) 2020 in Brisbane, may need to adapt and might not be the same as we have been used to previously. Please be aware that there may be the need to vary schedules, divisions, entry numbers and/or other details. Your ISA Board will continue to monitor the situation and update the skating community as information comes to hand.

2 Application of the Communication

For the 2020 AFSC.

3 Communication Statement

AFSC in 2020 may have numerous changes due to extra sanitising and number restrictions on gatherings and skaters, coaches and officials may need to adapt.

As previously advised, ISA entry scores will not be introduced for the 2020 AFSC.
