1 Purpose of the Communication

2 Application of the Communication

From 1st February, 2022

3 Communication Statement

Preliminary skaters will have a feature called for 8 revolutions in a basic sit or a camel position in any spin. This feature will be awarded only once per program.

If both spins have a basic sit or camel for 8 revolutions then the second spin will be counted as a bonus only if the second spin is in a different basic position.
