

APSA Development Coach approved Mentors

APSA has approved mentors across a range of areas in figure skating. Our mentors are part of the APSA Coach Connect program. Their role is not just to help those required to complete Mentor hours for accreditation levels but also to assist you throughout your coaching career.

Mentors have been approved for each level of accreditation.

Mentoring hours do not all need to be completed face to face. You may wish to reach out to a mentor from another rink or State. This can be done via phone, zoom, email, sharing of videos, reviews of videos submitted etc.

Information on the APSA Coach Connect program for both Mentors and Mentees and the many ways mentoring can work for you can be found on the APSA website www.apsa.net.au.

APSA has taken a number of areas into consideration when selecting the Mentors for Coach Connect. These include:

- coaching experience
- knowledgeable in the areas they are approved to mentor in
- in good standing with APSA (i.e no serious complaints, probation period or suspension during the past 10 years)
- strong English language skills
- no longer competing (APSA may at its discretion approve a mentor who is still competing taking into consideration their experience and knowledge)
- Understanding and experience of skill development and progression from the grassroots level through to higher competitive levels and the importance this plays in assisting skaters to fulfill their goals and potential.

We fully understand the difficulties in obtaining the full 60 hours required mentoring hours with an APSA approved mentor and as such have approved that a minimum of 40 hours MUST be conducted with an APSA approved Mentor with the remaining hours approved to be conducted by an APSA Intermediate Accredited coach (Level 2) or higher.

If you have any questions do not hesitate to contact the APSA accreditation officer: accreditation@apsa.net.au
